

Submitter: Joanne Harris

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: HB3248

I support this bill. It will give families more opportunities and the smaller towns we travel to will have us spending our money there. People spend a lot of money on these side by sides and make them strong & safe. All the rides I've been on people have been very respectful of other people and our surroundings. I've been asked by our senior center here to shuttle people to & from areas around town for events because they're safer having doors than golf carts. I had to decline because it wasn't legal. Thank you for your time and consideration.
