

Submitter: Sierra Belt-Keka

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: HB3248

PLEASE READ As a business owner, I recognize the potential financial and economic benefit the state could reap from allowing UTV/ATVs on roads. This would provide additional opportunities for businesses like mine to generate work and income. While I understand that some people may worry about the safety of drivers, we are living in the 21st century. Cameras and laws are in place to ensure accountability, and with the right steps, it can become the norm to operate UTV/ATVs legally and responsibly. By providing the option to do things the right way, it could help reduce the number of lawbreakers in areas that do not offer street legal UTV/ATV options. When it becomes the norm to legalize on road use those that do not legally abide will be frowned upon by both parties as a (TEAM)

Best regards Db
