

Submitter: Rick Curtis  
On Behalf Of: Wa  
Committee: Joint Committee On Transportation  
Measure: HB3248

We travel to Oregon quite frequently to ride our side by side and go camping. It would make it quite a bit more enjoyable when we do and be able to use our ohv to go into town or drive to near by trails rather than having load up everytime to get to trails. Ours is registered street legal for Washington St and it's very convenient to ride to different areas. Would very much like to see Oregon offer ohv's the same ability.
