

Submitter: Layla Snow

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB3214

I support HB 3214. We have a few counties in Oregon that have already implemented this and we need to expand it to the entire state. Enforcing existing cruelty laws is not enough to protect these amazing creatures from the inherent abuses of stealing them as babies from the wild and physically abusing them and forcing them to perform tricks for human entertainment.
