

Submitter: Shawnn Hartley

On Behalf Of:

Committee: House Committee On Business and Labor

Measure: HB2921

I am opposed to this bill. This adds non-functional requirements to hospitals statewide and does nothing to lower costs or improve the quality of health care. On the contrary, non-sensical regulations and reporting requirements, particularly with measures for fining hospitals for late filings will only serve to drive up health care costs. Hospitals should be focused on employing the best quality staff they can attract and nothing else, this bill should be voted down.
