On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB2665

These are just some of the reasons that I am opposing this bill:

- This bill limits the wages of working people
- We cant afford to lose critical labor right now in an already short-staffed landscape
- Wages are not controlled in other positions, why would they be in the medical field?
- Lower wage positions will leave for gig jobs leaving gaps in an already understaffed field
