

Submitter: Debra Wilson
On Behalf Of:
Committee: House Committee On Judiciary
Measure: HB3214

I support HB 3214 - an effort to ban traveling acts with wild and exotic animals!

The animals experience extreme stress in these acts, as they are being treated like commodities.

The move from place to place, live in cages, and are forced to do unnatural "tricks".

The animals are forced to be around people, which is very stressful.

Often they are ABUSED or STARVED if they refuse to do their "tricks".

This is animal abuse, period.

Let's ban traveling acts with wild and exotic animals!
