On Behalf Of: City of Klamath Falls  
Committee: Senate Committee On Labor and Business  
Measure: SB850

Honorable Senate Committee Members,

I am writing in regard to Senate Bill 850 and the negative consequences it would have on the City of Klamath Falls if passed. The proposed legislation requires private labor agreements for public construction contracts greater than \$1M and would very likely limit the already few number of contractors who bid on City projects while potentially increasing costs exponentially.

The City of Klamath Falls struggles in receiving more than one bid on a regular basis on any of our construction projects. I fear the proposed legislation would especially impact the more rural areas of the State where there are few contractors.

I humbly request that the Committee vote against this measure, and I thank you for your consideration.

Sincerely,

Jonathan Teichert  
City Manager
