Hi Audrey, Vanessa, and Mary,

I just wanted to say I am so sorry and sad about Dan. Carson forwarded me the email. I have also been in contact with Carson and Elijah about any support with our FRINQ class. I meant to send this last week (with permission from Carson and Elijah) to Dan and all of you. I am sorry that I delayed. This is a photo of Carson and Elijah debating!! in front of the class with their teams. They have both come so far since class started and I wanted to tell Dan and all of you what a pleasure it has been to work with them. Not just me but the entire class. All of your support has been important to their success in the class.

Please let me know if there is anything I can do to help or support the students or your office.

Chris Carey

Chris, I had it on my list to get in touch with instructors tomorrow. I am so thankful that you sent along this email right now. It is a real boost to know how well supported you feel and to see Elijah and Carson in action. Tomorrow afternoon, I am going to an Oregon Senate Education Committee hearing about a bill that would continue to fund CCS and expand the model to community colleges. I am wondering if you would mind my inclusion of your email and the picture as testimony. The only thing I was not able to do was get emails out to instructors about the bill and the opportunity to submit letters of support. That was something that Dan and I were working on. Thanks so much for the lovely and perfectly timed email. MM
