

Submitter: Paul Emge

On Behalf Of:

Committee: House Committee On Rules

Measure: HB2004

ONE PERSON, ONE VOTE! THAT'S IT!!!! I am completely opposed to Ranked Choice Voting. Ranked choice voting deteriorates the foundation of our democratic republic. If a candidate does not receive the required votes to be declared a winner, then the laws which are currently in place to hold a run-off election should be followed. Ranked choice benefits the front-running candidate, whereas a run-off may prove a different candidate, one with the majority of the popular vote, will be the eventual winner.

Please do not approve Ranked choice voting.

Paul Emge
