Hello Senate Judiciary

Funny thing happened as I grew old.

In High School a couple good kids did a good thing up on a hill... deal was they burnt some trash up on a hill and the fire got away.

I was a mile away and seen the fire...a friend gave me a ride up the hill where the loggers were going to hike to the fire. ( I hiked up the hill with them and fought fire for 6 hrs). Ha even got paid, didn't know that would happen ?

I kinda thought good Samaritan law covered people who volunteered to make the world better.

I spent years working with troubled youth and helped senior citizens in my community.

Some 15 yrs I volunteered as neighborhood watch (did a lot of good deeds).

You can please some of the people some of the time... but apparently not all the people all the time... ?

SO I GUESS WE AUGHT TO HAVE A LAW ?
