

Members of the Senate Committee on Education:

Please accept this testimony against Senate Bill 768 (SB768). This testimony is submitted with all due respect and authority.

Praise be to Almighty God, the Creator, Father and Lawgiver who: led the ancestors of Abraham, Isaac and Jacob along with their progeny; is the same in the past, today and into the future; gave His only begotten Son as recompense for the sin for those who He permits to accept His Son and know His Son as the One and Only Lord, Savior and Christ, Jesus. Amen.

Please vote NO on and DO NOT PASS the SB768.

I strongly oppose SB768, it is too vague and is written poorly.

NO to SB768.

The vagueness and poor writing of this bill makes for poor legislation, especially since the statement “collecting student course grade history” is singular, and not a collective report on students as a whole, but is based on the individual student. Protecting individual student information beyond the local school is important, and tracking individual records can only lead to pigeon-holing students into career paths while also eliminating the students' individual initiative and decision making for their future career goals.

NO to SB768.

Respectfully submitted,

Eric Cole
