Committee: Senate Committee On Natural Resources

Measure: SB85

Dear Chair Golden and Members of the Senate Natural Resources Committee,

I support family farms, the environment, workers, rural communities, and animals. I am against factory farms. Therefore, I support the State Department of Agriculture to study confined animal feeding operations and a factory farm moratorium in Oregon. I am writing as a volunteer with Food & Water Watch.

Factory farming is inhumane, polluting, dangerous and exploitive. I urge you to vote for SB85 in the 2023 legislative session to protect our climate, environment, rural communities, family farms, and animals.

Sincerely,

Grace
