

Submitter: Troy Spence

On Behalf Of:

Committee: House Committee On Rules

Measure: HB2004

Ranked choice voting is already proven to be far more confusing for voters and that is intentional to help nefarious actors install the winner of their choosing by manipulating voters and allowing candidates with marginal support to slip through. One person, one vote is the only acceptable way to a fair election, not multiple votes and optional choices. This is about political power and is true disenfranchisement
