

Submitter: Chad Kernutt  
On Behalf Of:  
Committee: House Committee On Rules  
Measure: HB2004

Dear Lawmakers,

We do not want ranked choice voting in Oregon!! Ranked choice voting always benefits and further solidifies the grip of power of whatever party is in the majority in the state. In this case it is the democrats which is why they want it so bad. Instead of making the choice between 1 Democrat and 1 Republican it would essentially make it between the top 3 candidates of whatever party is in the majority and kick out the candidate from the party that's in the minority after the rounds of elimination. This bill and ranked choice voting just further consolidates power to the majority party but splits it between that parties candidates. Ranked choice voting is the ultimate vehicle and tool to ensure one party rule. Please vote NO on HB-2004. Thank you.
