Committee: House Committee On Judiciary
Measure: HB3214

Please vote yes to ban the use of certain animals in traveling circus acts. Direct contact between humans and wild animals is bad for these animals as well as people. Traveling and living in these situations is a very poor quality of life for animals like these, and people who interact with them are doing exactly the opposite of what their intent usually is when they interact with them. In my experience, people care about animals like these and don't want to be involved in their suffering. We should offer ways for people to donate or volunteer to help animals live in appropriate habitats, away from people.
