

Hi, My name is Kelly ,

I'm writing you this letter in hopes to help the ND's(Naturopathic Drs.)And patients like me(with Parkinson's) and many,many other patients that benefit from this care.....I ask for a reconsideration on the bill 2555-by insisting the Insurance companies pay the NDs the full rate as they should be untitled.... To keep this much needed health care.. Please sign the bill to pass HB2555 . Thank you for your consideration on this very important .matter.

Sincerely,
Kelly Potter
