Measure: HB3509

NO is the only vote needed for HB 3509!

I stand in STRONG OPPOSITION to HB 3509.

Rank choice voting is an unfair voting system.

Rank choice voting silences our individual choice.

Rank choice voting is another method invented by people scheming to change our individual vote to elect mediocre candidates that cannot win by popularity.

Rank choice voting steals each voter's individual choice.

Rank choice voting complicates the election system because there are several methods for calculating the votes if no one receives greater than 50%. These mathematical calculations are meant to change the election outcome by confusion and manipulation.

STOP trying to change our election system from one of election to selection.

Rank choice voting is an existential threat to our democracy!
