Committee: House Committee On Housing and Homelessness

Measure: HB3237

To the Committee:

As a long time property manager and owner of rental homes, I understand that screening fees must be reasonable and I only charge enough to cover my costs. This bill would allow cities, like Eugene, to limit our ability to meet basic costs of doing business. My screening company charges for every applicant submitted and charges for returning fees to applicants that were not screened. We already limited in charging fees and I strongly urge you to remove this barrier to doing business.
