

I OPPOSE [HB 3100]...Is the Socialist and or Marxist control of state water sources, using taxpayer dollars, purposed?

<https://olis.oregonlegislature.gov/liz/2023R1/Downloads/MeasureDocument/HB3100/Introduced>

\*\*\*[HB 3100] proposed Legislation is a crafted approach and *could be foundational to eliminate* "Water-rights," ground water and individual water wells usages.

[HB 3100] will be expensive and Committee Members are Political Appointees making Public policies.

[HB 3100] states, "...*(a) It is in the interest of the public welfare that a coordinated, integrated state water resources policy be formulated and means provided for its enforcement, that plans and programs for the development and enlargement of the water resources of this state be devised and promoted and that other activities designed to encourage, promote and secure the maximum beneficial use and control of such water resources and the development of additional water supplies be carried out by a single state agency that, in carrying out its functions, shall give proper and adequate consideration to the multiple aspects of the beneficial use and control of such water resources with an impartiality of interest except that designed to best protect and promote the public welfare generally.*"

"The development and implementation of place-based integrated water resources strategies." see [HB 3163 (2023)]

[HB 3100] states, "...*B) The formation of task groups, work groups or advisory groups to advance specific recommended actions. (C) Declarations of cooperation between diverse water stakeholders that describe the stakeholders' individual and collective commitment to advance specific recommended actions in a balanced and integrated manner. (h) How to support implementation of priority actions recommended in other relevant state-developed or state-recognized plans or strategies, including but not limited to placebased integrated water resources strategies.*" see [HB 3163 (2023)]

[HB 3100] states, "...*(8) To prioritize and implement actions recommended by the integrated state water resources strategy, the Water Resources Department shall coordinate with implementing partners, the Integrated State Water Resources Strategy Advisory Committee described in section 2 of this 2023 Act, the Environmental Quality Commission, the State Department of Agriculture and the State Department of Fish and Wildlife to develop a biennial work plan, which must be informed by biennial listening sessions in regions across the state.*"

[HB 3100] states, "...*SECTION 2. (1) The Integrated State Water Resources Strategy Advisory Committee is established as an advisory committee to the Water Resources Commission and the Water Resources Department for the purposes of advising on, and supporting implementation of and [3] updates to, the integrated state water resources strategy described in ORS 536.220 and assisting with the following as they relate to the integrated state water resources strategy...*"

[ORS 536.220]: [https://oregon.public.law/statutes/ors\\_536.220](https://oregon.public.law/statutes/ors_536.220)

[HB 3100] states, "...*(2) The commission shall determine the number of members of the committee and appoint members of the committee who represent a balance of in-stream and out-of-stream interests and a balance of state-level and local-level organizations, including but not limited to tribes, conservation groups, groups representing irrigation interests, groups representing municipal interests, environmental justice organizations, local governments and state agencies.*"

David S. Wall

Mr. Oregon Concurr and says, "The state is aiming to control all water sources."
