Committee: House Committee On Judiciary  
Measure: HB3214

Dear Judiciary committee,

I hereby submit my strong opposition to HB-3214. This bill is poorly defined and has many loopholes that could adversely affect professional and well meaning stewards of our animal resources. No one in their right mind is cruel to man or beast and there are laws and regulations in place to deal with individuals that fall into that category. There also appears to be an ulterior motive behind this bill, and trust in government is at an all time low. Be honest with your agenda. For these reasons I strongly request you oppose this bill from proceeding further.
