Measure: SB320

I strongly oppose any effort to reduce sentencing for anyone guilty of a Measure 11 offense. That is already reserved for egregious criminal behavior, the type that needs kept off the streets for the safety and welfare of the public. I am much more concerned with the safety of the law abiding hard working citizens and the vulnerable such as children than I am for the criminal irregardless of the age of the criminal. Our crime rates are horrible, thanks to all these let criminals loose governments policies combined with reduce police and restrict honest citizens from protecting themselves with guns which is their right to do.
