

Submitter: Daniel Duffy

On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure: SB869

I am a Bend resident, proud uncle, and active member of our amazing community, including volunteering with the local chapter of an environmental advocacy group. Our region is blessed with natural beauties and resources - and it is our responsibility to protect it so generations to come can enjoy it and thrive here. I urge the Oregon senate to pass the policies in the Building Resilience package to help give more Oregonians access to more resilient and safer homes and buildings while reducing carbon emissions that put our natural resources at risk.

Thank you,
Daniel Duffy
