Committee: House Committee On Rules
Measure: HB2004

This is one of the most ridiculous bills you guys have come up with. You already get what you want no matter how we vote, so let's make it worse. I'm so disappointed in you people, you don't care about us, you just care about your egos & pockets. Having a voting system based on ranks is like an awards show on tv. Keep making Oregon one of the worst states to live in.
