Measure: HB3459

Chair Marsh, Co Chair Levy & Levy and committee members,
I'm Clair Klock from Corbett,

I usually don't comment in this area of legislation, however I ran across the title on your hearing announcement and had to check it out.

At this point I urge your opposition to HB 3459 allowing a residential customer to pass on paying their electric bills? I disagree totally that the option of service disconnection should be off the table. That leaves no responsible on the resident to pay at all. Equity is a issue here and I see a need for a modified version of this bill.

Thank you
