Measure: HB2007

So I go through the process to get my concealed handgun license to protect my own and family. Now you politicians want to make it hard for me to carry a certain locations? This is unacceptable. There's already rules written down where we are not allowed to carry. Once again, this, law will do nothing to protect the average American citizen. All these laws go after the average Law abiding citizen. It has nothing to do with a criminal that absolutely does not follow any laws. Once again, "Bruin decision" has destroyed the foundation that gun control has been based upon 30 40,50 years! So I would really appreciate our state politician. Stop violating our rights.. Thank you.
