

Submitter: Chad Kernutt  
On Behalf Of: WE THE PARENTS  
Committee: Senate Committee On Education  
Measure: SB409

Dear Lawmakers,

My name is Chad Kernutt and I urge you to vote YES on SB-409. I'm a father of 3 children currently in school. I have a lot of nieces and nephews that are in school right now. Us parents have every right to access the syllabus and daily scope and sequence of the materials so that we know the curriculum that's being taught to our children and be able to see the coursework for the entire term that the teachers will be teaching our children. This will place accountability on teachers who try to go outside of planned materials and teachings and insert a personal/political agenda into the teaching and doing things with our children that would be inappropriate by the educators and that parents would take issue with. This bill would show that the state/government is looking out for the best interests and rights of the children and their parents and not looking out for and only interested in the interests and wants of these hyper-political teachers unions. Please do the right thing lawmakers and look out for the children and families of Oregon and don't turn your back on us to swear allegiance and loyalty to the unions who stuff some of yours political coffers. Please vote YES on SB-409.

Sincerely,

Chad Kernutt
