

Submitter: Angela Beebe

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB2002

Please vote no on HB 2002 because I do not consent to gender altering surgeries to minors as they do not have the capability to make decisions of that magnitude yet. I also do not support the repealing of the reporting of a born-alive child. A newborn child has the right to live and HB 2002 will deprive that child of that right.
