

Submitter: John Newman

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB2002

As a committed Christian I oppose this bill in its entirety. Let parents make these decisions for their children. This is NOT the role of government to get involved in these areas which impact minors in our communities. Don't legislate evil in our state.

Thanks for your kind consideration to oppose this bill.

Sincerely yours,

John F. Newman
