

Submitter: Nolan Howell
On Behalf Of:
Committee: House Committee On Judiciary
Measure: HB2006

I have two sons this bill would greatly affect and this is why I suppose this measure. I am a Army veteran and I have taught my sons responsible, and safely handling of firearms. My current job takes me away from home for long periods of time and my sons are the protector of my home and my family were going. We live outside the city limits and law-enforcement response can take a long time. I need to know that my sons can protect themselves as well as my wife and daughter if something was to happen.

Also, my sons love going to the range and target shooting, it is how they enjoy spending time with her father. Both my sons have hunters safety and enjoy responsible hunting in the state of Oregon.

I wasn't even 21 years old when I was serving in Iraq and got injured for my country and for everyone's freedom, please respect my opinion and understand that this is a dumb bill and against the constitution of the United States the constitution I almost died for!

US Army veteran, and father,
Nolan Howell
