

Submitter: Kaler Howell

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2006

I'm a 12 year old boy who lives in Oregon and just finished my hunters safety, and enjoy shooting firearms with my father who is a ARMY Veteran.

I oppose this bill because it will directly effect my quality time I get to spend with my dad.

I also can use my knowledge of firearms to protect my family, and feed my family. This bill will directly effect me in a negative way.

Bad people will do bad things, and this law would do nothing to prevent bad things from happening, or protect the innocent!

Teaching firearms safety, and allowing good trained people to own firearms is the only way to protect the innocent, and prevent bad thing from happening to good people.

I oppose this bill

Kaler
