Withholding evidence that would prove the innocence of someone???? The state should not do such a devious thing. USA is not a tyrannous govt. It is to be of the people, by the people and for the people. Liberty is severely destroyed when the power in the state is used to destroy innocent people. I do remember though, that the Democrats used to do this to the black people in the south. Now they want to do it to all people in the west. When will the Democrats change?
