

Submitter: Ron Hyde

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2007

This bill is backwards, the individuals who have a carry permit have to pass background checks, etc in order to get a permit, these are the people you WANT to be defensive capable in a public setting, this bill does NOTHING to deter a criminal, in fact it motivates such behavior since there is no lethal opposition. I don't think I need to address the constitutional issues, you did take an oath to defend the constitution, didn't you?

Be smart, oppose this bill.

Sincerely, Ron Hyde
