Measure: SB1051

The Governor, the Legislature, and our state agencies have all agreed that addressing our housing crisis is a top priority, but without creative solutions like SB 1051-2, our state will be unable to address the crisis at the scale and speed that is needed to protect Oregon families and their budgets.

SB 1051-2 would allow cities to add up to 200 acres of shovel-ready land from their urban reserves into their UGBs for workforce housing and job development! And it does this while still protecting resource lands!

We NEED this!
