

Submitter: Sandra Allen
On Behalf Of:
Committee: House Committee On Judiciary
Measure: HB2006

Please make sure this bill passes. My son had cancer and died when he was 8. There was nothing we could have done to prevent his death. But there is something we can do to help prevent the gun deaths of children. We don't want to take people's guns, but raising the age to buy a semi automatic rifle will save lives. We owe that to our children—please support this bill!
