Committee: House Committee On Judiciary
Measure: HB2006

I strongly support this bill. Gun users aged 18-20 are by far the most likely to commit homicide with a gun. 3x more likely than 21+. This is a no-brainer way to help limit those instances. None of these bills are a fix all but there is absolutely no valid reason to not try everything we can from multiple angles to reign in the horrific gun violence in our state and country.
