

Submitter: GERI BERG
On Behalf Of: Citizens of Oregon
Committee: House Committee On Judiciary
Measure: HB2007

Local control. Public entities that wish to regulate the carrying of concealed weapons in their buildings and surrounding grounds should be allowed to do so. Prior legislation is already in place to insure the general safety of public places such as the Oregon Capitol and PDX. HB 2007 would extend this authority to limit concealed carry licensees from bringing their firearms into other public spaces, placing the inhabitants of these places in harms way without their knowledge and beyond their control.

Thank you for supporting both local control and public safety.
