

Submitter: Westly Richardson

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2006

I do not support hb2006. I would support blocking future sale of handgun to anyone under the age of 21. However the bill in its cut state have no provision for firearms that are have already been legally purchased or transferred to citizens under 21 years of age. I also do not support any bill that would limit anyone of any age for possession a firearm use for the purpose of hunting.
