On Behalf Of:

Committee: Senate Committee On Natural Resources

Measure: SB85

Thank you Senator Golden for your work and time on this bill. I support the moratorium for poultry only but request that a moratorium on Tier 2 poultry CAFO's be no less than FIVE years.

I also request that if the -2 moves forward with TWO year moratorium, it includes Tier 1 poultry CAFO's for such a short duration of time is NOT protective enough.

Thank you for the opportunity to comment.
