

Submitter: Derek Becker

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB2002

Members of the Committee,

HB 2002 is an absolute abomination. Parents have a moral and legal responsibility for their minor children. What this bill does is remove the parents from medical decisions regarding their minor children. That is what happens in communist countries.

HB 2002 removes the parents from medical decisions and treatment but does not absolve them from paying the costs associated with said decisions and treatment. By law children are in the care of and are the responsibility of the parents (or legal guardian) until the age of 18. Communist countries take over the raising of children and this is nothing more than a step toward that system of tyranny.

Vote no on HB 2002

Respectfully,
