

Submitter: Julie Hastings
On Behalf Of:
Committee: House Committee On Judiciary
Measure: HB2007

Two years ago, the Oregon legislature had the sense to ban concealed weapons from the Oregon State Capitol. Why would you deny the right to make a similar decision to local governments? Every Oregonian has the right to be safe inside public buildings. If you do not have the political will to ban concealed guns from all public buildings in Oregon, at least you should get out of the way of local governments making those decisions.
