Committee: House Committee On Behavioral Health and Health Care

Measure: HB2002

I strongly oppose this bill. NOBODY, including school counselors, school nurses, teachers, and ESPECIALLY not the government knows a child better than the PARENT/GUARDIAN who is raising them. And an emergency declaration? No way. If you are going to use my tax money for anything "health" related, and call it an "emergency", you NEED to use it on the mental health and addiction crisis, which IS an emergency due to the idiot voters in this state voting for the decriminalization of hard drugs.
