

Submitter: Megan Riggs

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB2002

I oppose HB 2002. This is an awful decision and will increase the confusion, depression and ultimately suicide in children. I think it is in the best interests of the child to withhold life-altering "care" until they are able to fully comprehend what they're doing. Parents have a right to be informed and involved in their children's care.
