Measure: HB2002

I strongly oppose this bill. As is so often the case, this bill is too broadly worded and leaves room for interpretation. By sterilizing, do you mean having a vasectomy or do mean trying to transition the children using the mobile school health clinics?

By disrupting their business, do you mean the violent actions we saw at pregnancy resource centers this last year or do you mean a parent having a conversation with their child to talk about fertility and sexuality topics?
