

Submitter: Curtis French

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB1051

I oppose SB 1051 as it would undermine the very successful UGB process that has protected Oregon lands for decades and is contrary to the recently passed HB2001, which received bi-partisan support. SB 1051 answers a need that only serves special interests, rather than the good of all Oregonians.
