Committee: House Committee On Behavioral Health and Health Care

Measure: HB2002

I oppose Bill HB 2002 it is outrageous and catastrophic to children and the family members of these children. This is abusive and neglectful. This Bill will cause irreversible damage to the bodies and mental well being of minor children who are not even fully developed. This bill is unlawful and unconstitutional, for it will allow for taxpayer dollars to be used for the mutilation and castration of minor children and for illegal immigrants. Health care is not a right. I know I am speaking for the majority of We the People. Stand up and protect children and throw this Bill in the garbage where it belongs.

Thank you Cori Stephens
