

Submitter: Alice Bergman
On Behalf Of:
Committee: House Committee On Judiciary
Measure: HB2007

We are living at a time when most Americans have either directly experienced the death of someone in a mass killing or knows someone who has. Also, over 60% of the people want greater gun control. The time is now and these three bills (HB 2005, 2006 and 2007) are a great beginning to giving ourselves and, more importantly, our children the ability to live without the fear of being murdered by someone in a public building by someone too young to have a gun.

I urge you to support these three bills advancing from committee and into law. Thank you
