Chair Sollman, Vice-Chair Findley, and members of the committee:

Please vote YES on the Resilient, Efficient Buildings Policy Package.

My name is Geert Aerts and I'm an energy efficiency engineer in Portland.

I support the Resilient, Efficient Buildings Policy Package (SB 868, SB 869, SB 870, SB 871).
These bills will make homes and buildings in Oregon healthier, more efficient, and run on clean energy.
As an engineer and citizen, I'm very worried about climate impacts like wildfire and extreme weather. We
need to act now, before it's too late.

Sincerely,

Geert Aerts, PE, CEM
