

Submitter: Frank Morin
On Behalf Of:
Committee: House Committee On Judiciary
Measure: HB2005

I am writing to strongly encourage you to oppose this bill.

This bill appears has a lot of issues. Chief among them is it has the potential to make felons out of law abiding citizens overnight. It is not uncommon for people to create their own firearm for use on their property. There is no law against that. And yet with this bill, anyone who possesses one of these firearms is instantly turned into a criminal.

Please work on solving actual issues facing our great state instead of inventing new crimes to attack law abiding citizens with.

Vote No.

Thank you.

Frank
