

As a fellow Oregon resident, I ask you to please oppose House Bill 2005.

This bill seeks only to disarm us law-abiding citizens and continue eroding our Second Amendment rights without improving public safety. Criminals, by definition, do not obey the law. Criminals already violate existing laws to obtain firearms and cause carnage. They will just ignore any new decrees from the Legislature as well. Please, instead, enforce existing laws on violent criminals, hold them responsible for their actions, get them off the streets, and keep them off the streets.

Sincerely,

David Scharfenberg
